

ABATE of Michigan

HB4936 Update: Oct 14, 2011

HB4936 the insurance reform bill passed in the house, the requested changes we wanted were made. However it now goes to the Senate and the whole thing starts again on the insurance reform bill. OUR helmet bill is on its own again. Its the one that was passed by the Senate with the 100,000 dollar pip requirement. It is in the house and will likely be reduced to a 20,000 dollar pip and sent back to the senate for another round
